

My Town is Pichincha

I am from Ecuador. The place I born is called is Pichincha.

The population of Pichincha is 2,239,000. It is a big city.

Quito is the capital city of Ecuador in northwestern South America. It is located in northern Ecuador.

Quito is located about 22 miles south of the equator. A monument marking the equator is known locally as "la mitad del mundo". the middle of the world).

Constant all year round, with a high temperature typically around 70 degrees.

There are only two seasons in Quito, summer (the dry season) and winter (the rainy season).

Industry is largely oriented to servicing the domestic market.

In my town there are a lot places for all the people who want to study, Pichincha there are nurseries, primary school, secondary school and universities.

Every body likes playing football all the time on holiday in the Carolina Park.

With 67 hectares of land, this one is one of the greater urban parks of the District, of the country and of America of the South. During the week, it welcomes in habitual sportsmen who enjoy the calm atmosphere that offers by the mornings the place. Whereas the week ends, receive approximately, to 50 000 people. Here, you can retozar in the gardens or play soccer, practice basketball, slide, exercise your body making aerobics, mount to horse or simply to walk next to your family or friends.
