

## *My town Gdynia*

*This is an aerial photo near the place where I lived before I came to England. The population in my town is 250.000 people. Gdynia is in the north of Poland and is by the sea. East of Gdynia there is a big city Gdansk, in the west there is a small town Rumia. In the south there is a big forest and in the north is only sea. The most expensive area to live in my town is the centre. The cheapest place is part of Gdynia called Leszczynki. I lived in another place, Chylonia. The main jobs in my town are: seamen, fisher man and people working in ports and the shipyard. In my part of the town there are primary schools, universities and private schools.*

*There are very many small shops and a few big shops centre.*

*People in Gdynia can play football, rugby, tennis and basketball. They can also go swimming and sailing on the yachts or surfing.*

*My town is a very nice place. There people can do a lot of interesting things. It is a beautiful town by the sea. There are very many forests and hills.*
