

## Legnica

My town is Legnica. It is on a west of Poland. It is small town and very quite a good place to live. The population in my town is 120.000. South of Legnica there is a small village called Legnickie Pole there is old small museum and nice swimming pool. Legnica has a beautiful centre and old castle called Piastowski. The most expensive area to live in my town is the centre. The cheapest place is part of Legnica called Piekary. I lived in centre of Legnica. Most of people go to work on feet so has not traffic. In Legnica there is big nice park.
