

# THE CITY OF MADIINA

The name of my city is Madiina and the population of my city is about 300 million. The city is in the east of Somalia and if I want to go to the capital of Somalia it takes about 20munits. In the east is where most of people go the school and work the entire builder and farms. In the west there isn't too many people live there because it is very hot and there isn't much mountain and water. The most expensive areas are in my city is Mogadishu and the cheapest area in my city is Jawhar in the west. The main jobs in my city are builder and casher. The schools in my part of the city are Madrasah, university, primary school and secondary school. My sisters and I we didn't studies in school in my country such Quran school is called Dugsi. The shops in my city are shopping centre and markets. In my city there is a marine fishing and blue sea.
