

MY TOWN

My country is Turkey. 70.000.000 people live in Turkey. Turkey is big country. Ankara is the capital city of Turkey. I live in Gaziantep. My city is in the east of Turkey. It is a small city. The distance from the capital city to Gaziantep is 900 km. Gaziantep is situated between the Burc and Dulukbaba woodlands. Ankara, Izmir and Istanbul are big cities in Turkey. In Turkey the cheapest area is in the east and most expensive area is in the west. In my country there are nursery and primary school, high schools and universities. In my area the shops are a big zoo, very big university and shopping centre.
