

Gaziantep

I come from Gaziantep, a big town in the north east of Turkey. The population of Gaziantep is 2.300,000. Gaziantep is 500 miles from Istanbul. In the north there is the sea. The city is in the mountains. The most expensive area to live in is Elbistan. The cheapest area to live in is Sevdilli. I lived in Elbistan. The main industry in my town used to be factories and people driving taxis. My city is beautiful.
